

Group L

HI THERE! Welcome to our project in AMC :)

Introducing KLK group members: Kshama Gauri (27628), Leen Skaf (27826), Kabir Baig (27806). In the following sections you can find the following:

- [Report](#)

The report describes the motivation and aim of our project, giving you details of the equipment used, an overview of the codes and the circuit used for monitoring the data. In the end discussing and concluding our findings from the test results.

- [Code used](#)

A clear and downloadable version of the arduino codes can be found in the above topic.

- [Video Tutorial](#)

A video tutorial is provided for a better picture of the circuit setup, the arduino codes used and the test process in each location. This has been split into parts for convenience.

- [Extra](#)

Python codes and libraries that are additional to the project can be found here.

We hope that you find our project interesting, informative, and fun to read!

Thank you
