Jan Sonntag (jan001) - Private Space

This namespace *user:j:jan001:** and it's content (pages, images, …) is **reserved for your own usage** (only superusers can also access to it)…

- To create a page inside this private space, simply use the standard link syntax <u>without any namespace</u> :

```
[[example page 1]]
[[example 2|My example page 2]]
```

- To create a sub-namespace, simply indicate the new page's full position :

```
[[user:j:jan001:<sub-namespace_to_create>:example 3]]
```

Feel free to remove this paragraph (beside the title)…

Now, write something! 😬
